

Facility Assessment

For Restaurants and Food Service Facilities

Sign up for a free facility assessment and learn how you can reduce the amount of fats, oils and grease (FOG) entering the municipal system through your grease trap and drain lines.

Fax back the information below to 732-417-0367 or call us at 800-356-4468 to schedule a comprehensive onsite assessment of your facility.

Our assessment will:

- Examine the physical characteristics of your facility
- Identify waste types and disposal methods
- Verify proper use of strainers and screens
- Teach proper grease management techniques
- Provide free educational materials and maintenance logs
- Report findings and provide recommendations

Yes! I am interested in a no-obligation facility assessment!
